

Section 6: Policies of The Care Trust

6.1 The Care Trust Policy on Staff Expenses

Reimbursement of expenses of travel and subsistence without deduction of tax

In accordance with Irish Revenue guidelines, The Care Trust DAC ('TCT' or 'the Company') may reimburse tax-free to office holders and employees the expenses of travel (and subsistence relating to that travel) subject to certain conditions being fulfilled. The conditions under which the reimbursement of the expenses of travel and subsistence may be made without deduction of tax are as follows:

- (a) the office holder or employee must be **temporarily away from his/her normal place of work** in the performance of the duties of his/her office or employment
- (b) the expenses must be **necessarily incurred in the performance of the duties** of the office or employment **and must relate wholly, exclusively and necessarily** to the performance of their duties for TCT.

Completion and approval of claims

All expense claims must be approved by the claimant's line manager and be supported by relevant documentation. Line managers are responsible for checking and approving the expense claim, within their authority limits.

Before authorising an expense claim for payment, the authorising person should be satisfied that receipts are attached for all required expenses; amounts claimed are correct; mileage & subsistence rates are correct and in accordance with Revenue guidelines (which are subject to change); and totals are correct.

Unless other arrangements have been approved by TCT's Board, staff must provide details of all business travel and related expenses. Explanations should specify:

- the date of the journey
- the reason for the journey/expense
- the distance in kilometres involved
- the starting point, destination and finishing point of the journey and

- the basis for the reimbursement of travel and subsistence expenses.

Expense claims must be submitted in a timely manner. Failure to submit a claim within a reasonable period after incurring the expenses may result in the claim's rejection.

Expenses may be reimbursed on a vouched basis or in line with Irish Revenue rates, as agreed with the staff member's line manager.

According to the Irish Revenue Tax and Duty Manual (Part 05-01-06) where the payment of remuneration to office holders and employees is labelled incorrectly as tax-free expenses, the Revenue Commissioners will consider whether there is any element of fraud or neglect involved or whether a Revenue offence may have been committed, and will take whatever action they deem appropriate.

The deliberate misstatement or false claim of expenses will be dealt with under disciplinary procedures and may be subject to criminal proceedings under TCT's Fraud Policy.
